

Information in the document is just for reference, not for gurantee of battery performance, the quality of battery is subject to the buyer and seller's final comfirmation in the contract.

ER34615H 20000mAh

Voltage vs Temperature curve

Capacity vs Current curve(cut off with 2.0V)

Dimensions in mm Weight: 103g

Available Terminations	
-/P*	Axial pin
-/T /PT2*	Radial Pin
-/PT /TP* Polarized Tab (*) :Reference to Standard Terminals for Single Cells	

Discharge characteristics after storage
