AFC SERIES

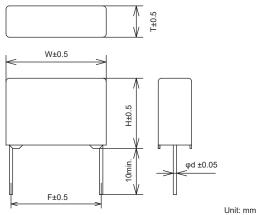

## Features

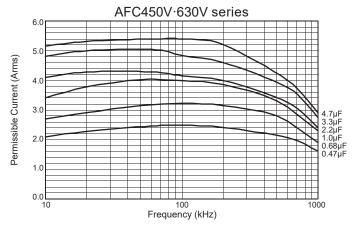

- Low self-heating and low loss by using thin polypropylene film.
- High withstand voltage (between line and case) by the design of resin outer case.
- Stable design for mounting on a board.
- No derating voltage to maximum temperature 105°C. (450Vdc only)

## Applications

- Active filter circuit for electrical appliances. (PFC circuit)
- Flat screen television, PC display monitor, Audio-video equipment and home appliance.
- Dimensions

Permissible current data

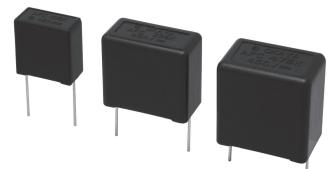

## Electrical Specifications
